

## REMARKS

Reconsideration of this application is requested in view of the amendment to the specification and the remarks presented herein.

In the office action, the Examiner objected to the fact that the illustration on page 11 should be presented as a formal drawing and the formal drawing is presented herewith and page 11 has been cancelled by the present amendment.

Therefore, it is believed that the application is now in condition for publication and the issue fee has been paid. It is believed that no fee is required since the Patent Office did not object to the same until the office action of June 3, 2004. However, if any fees are due, it is requested that they be charged to deposit account No. 02-2275 of the undersigned attorneys.

Respectfully submitted,  
Muserlian, Lucas and Mercanti
